

# MINT<sup>®</sup>

# Free Health Check

A quick, expert review of your Salesforce<sup>®</sup> setup, completely free of charge.

Over time, Salesforce<sup>®</sup> orgs can become cluttered, inefficient or misaligned with how your business actually works. If you're unsure whether your system is running at its best, or just want a second opinion, our Health Check offers a simple starting point.

## 30-60 Minute Consultation

We'll schedule a short call with one of our experienced Salesforce<sup>®</sup> experts to fully understand your current pain points, business priorities and how we can help address them effectively.

## High-Level System Review

We'll carry out a lite version of our standard Mint<sup>®</sup> Health Check on your org, leveraging our expertise to uncover hidden issues, potential risks and key opportunities for improvement and growth.

## Practical Summary Report

You'll receive a clear, jargon-free report packed with practical, actionable recommendations designed to boost efficiency, minimise risk and maximise the value of your Salesforce<sup>®</sup> investment.

**No cost. No obligation. Just expert insight to help you make informed decisions.**

Whether you're considering future changes or just want peace of mind, the Mint<sup>®</sup> Health Check is a quick way to assess the health of your Salesforce<sup>®</sup> system.

## Who Are Mint<sup>®</sup>?
